# 1. Equipment

## 1.1. Belts

The shooter is allowed to wear one single belt of maximum 5.0cm (or 2") width. The belt must go through all but 2 belt loops of the trousers.

## 1.2. Holster

The holster must

- be a strong side OWB (Outside the Waist Band) belt holster
- protect the firearm from moving with a minimum of level 1 (passive) retention
- cover the trigger and prevent it from being activated
- the entire front strap of the pistol must be above the belt
- have a closed front: maximal distance between breech face of fully holstered pistol and beginning of closed front is 40mm
- be positioned at the 9h or 3h position on the belt
- hold the firearm vertically or with a maximum rearward cant of 20°
- hold the firearm maximum 20mm away from the body

Clothing must be worn in a way that it cannot interfere with the safe holstering or drawing of a firearm.

## 1.3. Loading Device Pouches

Loading devices may be carried in pockets or in loading device pouches.

Magazine pouches must:

- cover minimum 50mm of the magazine on all sides
- hold the magazine vertical or with maximum cant of 10°
- hold the magazine with with long edge towards the body (no 'bullet out' position)
- hold the magazine maximum 20mm away from the body
- be positioned at the opposite side of the holster at roughly the 3h or 9h position on the belt

## 1.4. Drop Pouches

Drop pouches are allowed in 2-gun competitions. The shooter can place one drop pouch anywhere on the belt. The pouch can have the maximum dimensions of:

Height x width x depth = 200 x 200 x 100mm

For handgun matches, drop pouches are not allowed.

## 1.5. Clothing

Clothing must be practical and safe. It must be worn in a way that it cannot interfere with the safe holstering or drawing of a firearm. It must be safe for fast movement with a firearm in a stage as well as going into and out of shooting positions.
